HISTORY OF HERITAGE SCHOOL OF INTERIOR DESIGN

The Heritage School of Interior Design was originally founded over 30 years ago by Jan Springer in Portland, Oregon. Stephanie Plymale purchased the school in 2014 and completely revamped it. Since that time, Heritage School of Interior Design has expanded to additional locations in Seattle, Denver, Dallas, Salt Lake City, and prospective campuses in Los Angeles and Indianapolis. Heritage School of Interior Design has given thousands of designers the opportunity to achieve their dream career.

MISSION, VALUES, AND OBJECTIVES

MISSION STATEMENT

The mission of the Heritage School of Interior Design Dallas (HSID Dallas) is to empower the creativity of aspiring interior designers with a quality, hands-on education to achieve personal growth and professional success.

HERITAGE CORE VALUES

- Empower the success of others
- Pursue growth and learning
- Be creative and open-minded
- Be passionate and determined
- Have the courage to change course
- Be humble and collaborative

OUR CORE VALUES

The HSID Core Values provide the unchanging principles that guide our educational philosophy, hiring, admission and recruiting practices, as well as our decision making. We aspire to these values and seek to uphold them in our interactions with staff, students, and vendor relationships.

EDUCATION GOALS AND OBJECTIVES

The goal of the HSID Dallas' Interior Design Education Programs is to prepare students for success in a career as an interior design professional, which includes the prospect of self-employment as an independent Interior Designer.

Interior Designers work with spatial organization, colors, patterns, textures, and harmony that define the space in which we live and work. Students of the program learn how to combine these elements to create a mood and style that expresses the individual desires and style of the client. The program focuses on existing interior spaces for residential and light commercial settings.

The Fundamentals of Interior Design Program (198 contact hours) is personalized to ensure a learning environment in which professional goals can be met. While the development of design skills is the primary focus, we believe that other areas deserve equal attention.

Customer service, communication skills and styles, professional practices, business procedures, product knowledge, presentation strategies, and paperwork are covered throughout the program. In order to meet these objectives, a highly individualized mode of instruction with limited students per class is offered. This creates a learning environment that encourages a professional attitude and habits and meets the individual needs of each student. A curriculum for the Fundamentals of Interior Design Program is provided on pages 13 – 16 and is available on the website.

The instructors for all programs and courses will be registered with the Texas Workforce Commission and will be well prepared through their own education and professional experience.

APPROVALS

HSID Dallas is approved and regulated by the Texas Workforce Commission, Career Schools and Colleges, Austin, Texas.

SCHOLARSHIPS

The vision of HSID Dallas is to empower the creativity of aspiring designers with a quality, hands-on education to achieve personal growth and professional success. When available, scholarships may be awarded to students who have a strong passion for interior design and a desire to learn but have financial limitations that inhibit the opportunity to pursue this education. Scholarships are awarded up to twice a year if scholarship funds are available. The value of the scholarship varies and is customized to the needs of the individual.

To apply for a scholarship, please contact our Executive Director to schedule a meeting. At this meeting we will assess your eligibility and discuss your financial obligations in addition to the scholarship. As part of the scholarship application process, you will be asked to write a letter to the Scholarship Committee which outlines your academic plans, career goals and what a scholarship would mean to you.

If approved, the value of your scholarship will be applied to your tuition balance.

If selected as a scholarship recipient, and to maintain scholarship status, you are expected to show excellence in all HSID Dallas courses. This includes submitting all assignments, projects, and exams on time, and achieving above average grades (B or better). It is also expected that you meet the requirements of our Attendance Policy, which states that a student cannot miss more than 3 days of the Fundamentals of Interior Design Program.

If these expectations are not met, students will be placed on Academic Probation.

ADMISSION/ENROLLMENT POLICIES

HSID Dallas can accommodate a wide variety of students. Students must be 18 years of age or older and must possess, at a minimum, a high school diploma or GED. Previous experience is not necessary. The Executive Director will meet with applicants to determine their career interests, skills, attitude and motivation. HSID Dallas' criteria is based upon demonstrated maturity and the desire to complete and further one's career goals in interior design. Applicants will fill out an Admissions Application which is reviewed prior to acceptance.

The next step of the admissions process will be to arrange a personal interview with the Executive Director or designated and approved Representative to discuss mutual goals and expectations of the program. Information will be made available regarding course offerings, fees for education, registration procedures and payment options, as well as a tour of the building and facilities. At this point, the student will need to undergo a background check administered by a third-party background check company, at the expense of the school.

At HSID Dallas, your spot in a class or program is secured once you have successfully enrolled and paid for it (in full or first installment). Enrollment means adding the class or program to your schedule, and payment confirms your commitment to attend. If a class or program is full, you will be placed on a waiting list and notified when space becomes available or shifted to the next term.

HSID Dallas admits only those whom it believes will benefit from the education.

ENROLLMENT PROCESS

If the student meets the admissions criteria, then they will be notified via email that they can complete a Student Enrollment Agreement, but this Agreement must be signed while on the school premises, in the presence of the school's Executive Director or designated and approved Representative.

HSID Dallas will strive to ensure that students receive their formal acceptance letter no later than two weeks after receipt of their completed Student Enrollment Agreement.

Any remaining enrollment paperwork will be included in the formal welcome email, which will be sent two to four weeks prior to the start date of the assigned Fundamentals of Interior Design Program.

Students may enroll for any of the following programs:

- Fundamentals of Interior Design Program (see pages 11-14 in this course catalog for details)
- Master's of Interior Design Program (see pages 17-21 in this course catalog for details). Where pre-requisites exist, they are referenced within this course catalog.
- Any of the individual MCP (MCP-101 through MCP-109) numbered courses (see pages 18-21 in this course catalog for details). Where pre-requisites exist, they are referenced within this course catalog.

REAPPLICATION PROCESS

If an applicant is denied enrollment, they may apply again once circumstances that may have interfered have changed and been discussed with the Executive Director.

ADMISSION OF PHYSICALLY OR MENTALLY CHALLENGED STUDENTS

Handicapped or physically challenged persons who meet the criteria for enrollment are eligible for education at the HSID Dallas.

CREDIT FOR PREVIOUS EDUCATION, TRAINING, OR EXPERIENCE

TRANSFER OF CREDITS

HSID Dallas' program is based on contact hours, not credits. The school does not guarantee the transferability of any of its programs to a college, university, or institution unless there is a written agreement with another institution. Any decision on the comparability, appropriateness, and applicability of credit and whether they should be accepted is the decision of the receiving institution. In the same manner, prior educational credits or past educational experience from other educational institutions are not transferable to HSID Dallas and are not considered due to the unique nature of the HSID Dallas programs. In the event a former student of HSID Dallas, who left in good standing wishes to re-enter the previous HSID program which they departed, HSID Dallas will review the student's records in order to determine eligibility for credit of previous courses completed.

CANCELLATION AND REFUND POLICIES

The school's cancellation and refund policies apply to all terminations for any reason by the student or the school.

REFUND POLICY FOR SUBJECTS 40 CONTACT HOURS OR LESS

1. Refund computations will be based on the period of enrollment computed on basis of course time (contact hours).
2. The effective date of termination for refund purposes will be the earliest of the following: (a) the last date of attendance; (b) or the date of receipt of written notice from the student.
3. If tuition and fees are collected in advance of entrance, and the student does not enter school, not more than \$100 shall be retained by the school for their Registration Fee. The Background Check Fee and Access Card Fee are considered non-refundable.
4. If the student fails to enter the program, withdraws, or is discontinued at any time before completion of the program, the student will be refunded the pro rata portion of tuition, fees, and other charges that the number of class hours remaining in the program after the effective date of termination bears to the total number of class hours in the program.
5. A full refund of all tuition and fees is due in each of the following cases: (a) an enrollee is not accepted by the school; (b) if the program of instruction is discontinued by the school and this prevents the student from completing the program; or (c) if the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or misrepresentations by the owner or representatives of the school.

REFUND POLICY FOR STUDENTS CALLED TO ACTIVE MILITARY SERVICE FOR SUBJECTS 40 CONTACT HOURS OR LESS

6. A student of the school or college who withdraws from the school or college as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled: (a) if tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal; (b) a grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the

student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or (c) the assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has: (1) satisfactorily completed at least 90 percent of the required coursework for the program; and (2) demonstrated sufficient mastery of the program material to receive credit for completing the program.

7. Refunds will be totally consummated within 60 days after the effective date of termination.

REFUND POLICY FOR SUBJECTS OVER 40 CONTACT HOURS

1. Refund computations will be based on scheduled course time of classes through the last documented day of an academically related activity. Leaves of absence, suspensions and school holidays will not be counted as part of the scheduled class attendance.
2. The effective date of termination for refund purposes will be the earliest of the following:
 - a) the date of termination, if the student is terminated by the school;
 - b) the date of receipt of written notice from the student; or
 - c) ten school days following the last date of attendance.
3. If tuition and fees are collected in advance of entrance, and the student does not enter school, not more than \$100 shall be retained by the school for their Registration Fee. The Background Check Fee and Access Card Fee are considered non-refundable.
4. If a student enters an HSID Dallas program and withdraws or is otherwise terminated, the school may retain not more than \$100 in administrative fees charged for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75% or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination. (More simply, the refund is based on the precise number of course time hours the student has paid for, but not yet used, at the point of termination, up to the 75% completion mark, after which no refund is due.)
5. Refunds for items of extra expense to the student, such as books, tools, or other supplies are to be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books and tools until such time as these materials are required. Once these materials are purchased by the student, any refunds need to be negotiated with the vendor from whom the purchase was made. For full refunds, the school cannot withhold costs for these types of items from the refund as the students do not purchase these directly from the school.
6. A student who withdraws for a reason unrelated to the student's academic status after the 75% completion mark and requests a grade at the time of withdrawal shall be given a grade of "incomplete" and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program. No refunds will be given when an "incomplete" grade is requested by the student and is granted by HSID Dallas.
7. A full refund of all tuition and fees is due and refundable in each of the following cases:
 - a) an enrollee is not accepted by the school;

- b) if the course of instruction is discontinued by the school and this prevents the student from completing the course; or
- c) if the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.

A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements for career schools and colleges.

REFUND POLICY FOR STUDENTS CALLED TO ACTIVE MILITARY SERVICE FOR SUBJECTS OVER 40 CONTACT HOURS

A student of the school or college who withdraws from the school or college as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

- a) If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal.
- b) A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or
- c) The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has:
 - 1. Satisfactorily completed at least 90 percent of the required coursework for the program; and
 - 2. Demonstrated sufficient mastery of the program material to receive credit for completing the program.

The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s) within 60 days after the effective date of termination.

CANCELLATION

A full refund (minus any scholarship value applied) will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the enrollment contract is signed. A full refund (minus any scholarship value applied) will also be made to any student who cancels enrollment within the student's first three scheduled class days, except that the school will retain not more than \$100 in any administrative fees charged, as well as items of extra expense that are necessary for the portion of the program attended and stated separately on the enrollment agreement. GRADING AND MARKING SYSTEM USED

Each course assignment, quiz, exam, and final project/presentation is weighted according to an overall percentage scale, as outlined in the course syllabus. This scale serves as the basis for the final grade. Students have direct access to HSID Dallas' web-based education system, Moodle, a learning management system that provides 24/7 access to their grades for assignments, quizzes, and activities, as well as their cumulative course grade, instructor feedback, and individual attendance. Additionally, instructors are required to maintain office hours (one hour per class day), giving students the opportunity to discuss any issues or concerns regarding their progress.

90 - 100% = A

80 - 89% = B

70 - 79% = C

60 - 69% = D

Below 60% = F

Incomplete - I

Withdraw - W

SATISFACTORY PROGRESS AND ACADEMIC PROBATION

PROGRESS STANDARDS / ACADEMIC PROBATION

A cumulative grade average of at least 80% (or "B") is required for the student to receive the program certificate. A student who is not making satisfactory progress will be placed on academic probation. The Instructor will counsel the student that is placed on probation prior to the student returning to class. The date, action taken, and terms of probation will be clearly indicated in writing (Moodle) and in the student's permanent file.

If the student on academic probation achieves a grade of "C" for the probationary period but does not achieve the required grades to meet overall satisfactory progress for the course, the student may be continued on academic probation. If the student does not achieve overall satisfactory progress by the end of the second probationary period, the student's enrollment will be terminated. If a student on academic probation fails to achieve a grade of "C" for the first probationary period, the student's enrollment will be terminated. The enrollment of a student who fails to achieve overall satisfactory progress for the course at the end of two successive evaluation periods will be terminated.

The progress evaluation records will be of the type and nature to reflect whether the student is making satisfactory progress to the point of being able to complete all subject matter within the allotted time provided in the course curriculum.

INCOMPLETE

Under Texas Education Code, Section 132.061(f), a student who is obligated for the full tuition may request a grade of "Incomplete" if the student withdraws for an appropriate reason, unrelated to the student's academic status. A student who receives a grade of "Incomplete" may re-enroll in the program during the 12-month period following the date the student withdraws and complete those "Incomplete" subjects without payment of additional tuition for that portion of the course or program.

There is a possibility of the availability of certain classes and/or programs being discontinued by HSID Dallas when a student returns. Should this happen, HSID Dallas will work with the returning student to clarify available options for a comparable course with similar content and objectives.

WITHDRAWAL

Students are encouraged to seek counsel from the HSID Dallas Executive Director before making the decision to withdraw. Withdrawal must be made in writing to the school via email at info@hsidtxas.com.

APPEALS

Students may appeal their probation in writing to the Executive Director within one week of probation notification. The Executive Director will review the circumstances and either remove the probation of the student or confirm the probation. The decision of the Executive Director is deemed final.

READMISSION

Students who withdraw in good standing (not on academic probation) and demonstrate that the factors inhibiting the attendance or academic progress have been addressed (financial obligations, current issues resolved personally or with the school) may re-enroll for a different term, provided space is available.

TERMINATION FOR UNSATISFACTORY ACADEMIC PROGRESS

A student whose enrollment was terminated by HSID Dallas for unsatisfactory progress is not eligible to re-enroll at HSID Dallas.

ATTENDANCE POLICY

ABSENCE

Attendance and punctuality is critical to success. If for any reason a student will be late to class or absent, we require notification. Tardiness and absence are recorded in the student file and discussed with the students personally. Students can miss a total of 3 days of the Fundamentals of Interior Design program (not consecutive days) to graduate. Allowances are made for absences resulting from emergency situations and are evaluated on a case-by-case basis to the Executive Director. If unexcused absences become excessive and prove detrimental to their education, attendance probation may be required.

Students are required to request an excused absence for personal reasons directly with the Instructor.

HSID Dallas will charge a full day of absence when the student fails to attend all of the scheduled classes/events on that day. The school shall charge for a partial day of absence for any period of absence during the day of 3.75 hours or less. Two (2) partial absences will equal to a full day's absence.

TARDIES

If a student is tardy to class (more than 15 minutes) 3 times, it is considered an unexcused absence for one full class day. After 3 tardies, a written warning from the Instructor or designee will follow. If late arrival to class continues after the written warning the student will be put on probation.

HSID Dallas shall charge for a full day of absence when a student fails to attend all of the scheduled classes on that day. The school shall charge for a partial day of absence for any period of absence during the day of 3.75 hours or less. HSID Dallas does not consider school holidays, such as Christmas holidays, etc., as days of absence.

MAKEUP WORK

Daily handouts and assignments are available on our online platform, Moodle. Instructors will provide further instruction on how to get caught up as needed.

No more than 5% of the total course time hours for a course may be made up. Make-up work shall:

1. Be supervised by an Instructor approved for the class being made up;
2. Require the student to demonstrate substantially the same level of knowledge or competence expected of a student who attended the scheduled class session;
3. Be completed within two weeks before the end of the grading period during which the absence occurred;
4. Be documented by the school as being completed, recording the date, time, duration of the make-up session, and the name of the supervising instructor; and
5. Be signed and dated by the student to acknowledge the make-up session.

LEAVES OF ABSENCE

Only one (1) leave of absence may be granted to a student, at the discretion of the Executive Director, for medical or serious personal reasons. A letter from a medical doctor is required for medical leave. Leave of absence will be evaluated on a case-by-case basis by the Executive Director. A leave of absence will result in the need to reschedule the student's educational program(s) for a future term based on program availability. School attendance records will clearly define the dates of the student's leave of absence. A written statement of the reason(s) leave of absence was granted, signed by both the student and the school's Executive Director indicating approval, will be placed in the student's permanent file. A student's enrollment in the program will be terminated if the student fails to return, as scheduled, from an approved leave of absence.

No refunds will be issued based upon leaves of absence. Any and all tuition and/or fees paid will be honored for the future term, upon return from leave.

ATTENDANCE PROBATION

A student who misses more than 10% of class hours (Fundamentals = 26 hours; each Master's course would reflect 10% of each course's total contact hours) will be placed on attendance probation with conditions stipulated by HSID Dallas' Executive Director. Enrollment in the program will be terminated for a student who is absent for more than 20% of class hours (Fundamentals = 52 hours; each Master's course would reflect 20% of each course's total contact hours). A student whose enrollment was terminated due to unsatisfactory attendance may be considered for re-enrollment in a subsequent term within 12 calendar months. Such re-enrollment does not circumvent the approved refund policy.
